✱ write into football ✱

Sheet One

Let's think about what it's like to be in a crowd. You may not have been to a football match before but you may have been to a concert, a theatre or even your full school assemblies. What does it feel like all walking towards the same place to do the same thing? Do you feel excited? Nervous? Have you been to this place before? I'm gonna write some questions for you below, remember it's alright if you haven't been to the ground before use your imagination to think what it might be like! Happy Writing!

✱ How do you feel when you walk with a crowd of people towards an exciting place?

✱ What are you most excited about?

✱ Who are you with?

Excellent work! Now write down your favourite 4 things from the answers you've given above

We're nearly there! So now we need to think about making the above list of things into a verse. Now remember in this song each verse is 4 lines. I'll write down the lines that need to rhyme to help you along. Remember this is the introduction to what the song is about so we're building the excitement for the listener.

A lines rhyme together.
