Sheet Three

Let's think about what makes a really good football team. You may not have been to a football match before or think you know a lot about football so let's think of football players as athletes.

What makes a really good athlete? Being Strong, quick, fast? Doing a funny dance when they score a goal? What makes people support one football team and not another? Is it because of where they live? How good the team is? Or if the people in their life already support that team?

Lots to think about with this one so I've popped some questions below. Happy Writing!

* Why do you support your football team? Or if you don't support a team why does somebody you know support a team?

* What makes that team better than any other team?

* How does that team make you feel proud?

Excellent work! Now write down your favourite 4 things from the answers you've given above

We're nearly there! So now we need to think about making the above list of things into a verse. Now remember in this song each verse is 4 lines. I'll write down the lines that need to rhyme to help you along. Remember this is the part of the song where we talk about why the team are so good.
A lines rhyme together. B lines rhyme together.

Excellent work! We'll be adding this verse to your other 3 verses and a bridge!
